

QUEST *Pandemic*

If you enjoyed viewing *QUEST Pandemic*, you may want to participate in activities and events or look for further information about our surroundings in northern New England.

Infection Detection Protection

- A cool site that lets you meet the microbes, solve the mixed-up microbe mystery, find out what happens when you get an infection, and lots more!

Who: The American Museum of Natural History
Where: www.amnh.org/nationalcenter/infection/

Stalking the Mysterious Microbe

- Microbes pose a mystery to many but Sam Sleuth is hot on their trail. This fun and interactive site on microbiology is worth a visit.

Who: American Society of Microbiology
Where: www.microbe.org

BAM! Body and Mind

- Bam! has the buzz on the West Nile Virus, the tick tactics that cause Lyme Disease and more. This site was created to answer your questions on health issues and recommend ways to make your bodies and minds healthier, stronger, and safer.

Who: Center for Disease Control – Kids Site
Where: www.bam.gov

Medical Mysteries

- Medical Mysteries problem-based adventure game engages the player in the role of scientist, historian and detective to complete three missions. The knowledge gained from each mission helps the player understand how infectious diseases are spread.

Who: The Center for Technology in Teaching and Learning at Rice University
Where: medmyst.rice.edu/

KidsHealth

- This health Website has separate areas for kids, teens and parents – each with its own design, age-appropriate content, and tone. The site features thousands of in-depth features, articles, animations, games and resources.

Who: The Nemours Foundation's Center for Children's Health Media
Where: kidshealth.org

Major funding for Quest is provided by the National Science Foundation. Additional support is provided by Irving Woodlands, by gifts to More Connected, More Maine. The Campaign for Maine Public Broadcasting Network's Programming, and Desiree Carlson, M.D.
